## Principal's Message

Dear Bullpup families,

September was an exciting month here at GLA! We were happy to welcome families into our building for our Behind the Scenes family night and our 8th grade info night! If you missed those events, don't worry, we have more opportunities for you in October! We would LOVE to see you at our HOWL-o-ween Bash on Saturday the 29th!

September was also attendance awareness month. We appreciate your efforts to ensure your children are at school on time, every day, ready to learn. If your child needs to miss a day of school, please call the office by 8:30 AM to let us know, and make sure any doctor's notes or written excuses are turned in to the office!

We are halfway through the first semester, so be sure to check in with your child's teacher to see how they are doing in the classroom. You can call the office or use your Parent Access account to get in touch with our teachers. This is a good time to help get your child back on track if they are not performing to your expectation. We want each Bullpup to reach their potential!

Sincerely,  
Angie Oliver  
Principal

## How to Help at Home!

### Academics

Practice fast math with your student! Make flashcards with paper or ask your child questions on the go! Your child's teacher can tell you what kind of facts your child needs to practice - from counting by 5's or 10's to adding to multiplying, there's something to practice for every age!

### Social & Emotional Learning (SEL)

Help your child express and name emotions! If your child struggles to identify their feelings, ask them to express it through drawings or facial expressions. Other creative ideas are to describe the weather that matches how they feel or act it out like a mini play!

### Mission

Inspiring and empowering students through **innovative instruction** and **meaningful relationships** to **REACH** their academic potential
